

# TOOL SHEET

## Etsy

Etsy is an online sales platform focused on handmade or vintage items and craft supplies.

### Description

Etsy is the perfect place for anyone who loves homemade and personalized items. It is an online marketplace for buyers and sellers: either you offer your own products for sale as a seller, or you are interested in homemade items as a buyer.

The app and site are available in multiple languages (including French, English and Spanish).

### Use

If you are interested in shopping - you don't even need to create an account. Just go to the website or app and find the product you like.

To sell on Etsy, you first need to create an account and then your own free online store. As soon as your Etsy store goes live, your products will be displayed on the platform and potential buyers will have the opportunity to take a closer look at the products in your store.

(Before opening a store, make sure to inform yourself about the legal requirements to avoid any problems with the tax authorities in your country).

### Testimony

Click on the TV on the right to discover a video testimony:

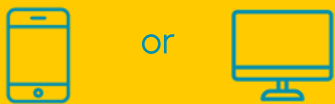

### → Access

Download the application in the App Store (on an Apple device) or in the Google Play Store (on an Android device)

Or go to the website :
