

TOOL SHEET

MAPSTR

Mapstr is a tool that allows you to keep track of all your favourite places and find them on a map.

Description

This tool will allow you to list and localise your favourite places (restaurants, cafés, bars, cultural venues, etc.) and find them on a map.

You can use hashtags (#) to specify what type of place it is, what the particularities of each place are (vegan, kids friendly, etc.) so that you can find exactly what you're looking for.

You can share photos, ratings and other information about each venue..

Use

Once you're logged in to your Mapstr account, you'll be able to subscribe to other people's accounts (friends, influencers, etc.) and discover their favourite places too. You'll be able to add your favourite places to a map and add photos, notes and any information you'd like to share with your followers.
