

Drive And Listen

Drive and Listen is a website and mobile application that will allow you to virtually drive through more than 50 cities around the world while listening to local radio and street sounds in real time.

Description

If you are curious and want to discover the world from your home, the local cultures and news this site will be a great source of inspiration and relaxation for you. This tool will allow you to experience the feeling of moving in real time in the most popular cities of the world, and live, hear the sounds of traffic and listen to the local radio. The objective is that you can relax and enjoy the sensation of traveling, even if it is virtual. But also to discover new environments, architecture, music, language etc.

Use

Once you're on the Drive and Listen website, using it is very simple and intuitive. You can customize your experience by choosing:

- Car speed: 1x (normal), 1.5x or 2x (faster).
- Listen to traffic and street noise or not, activating it according to your preferences.
- Listen to local radio stations, being able to change the station and increase or decrease the volume from the control panel located on the right.
